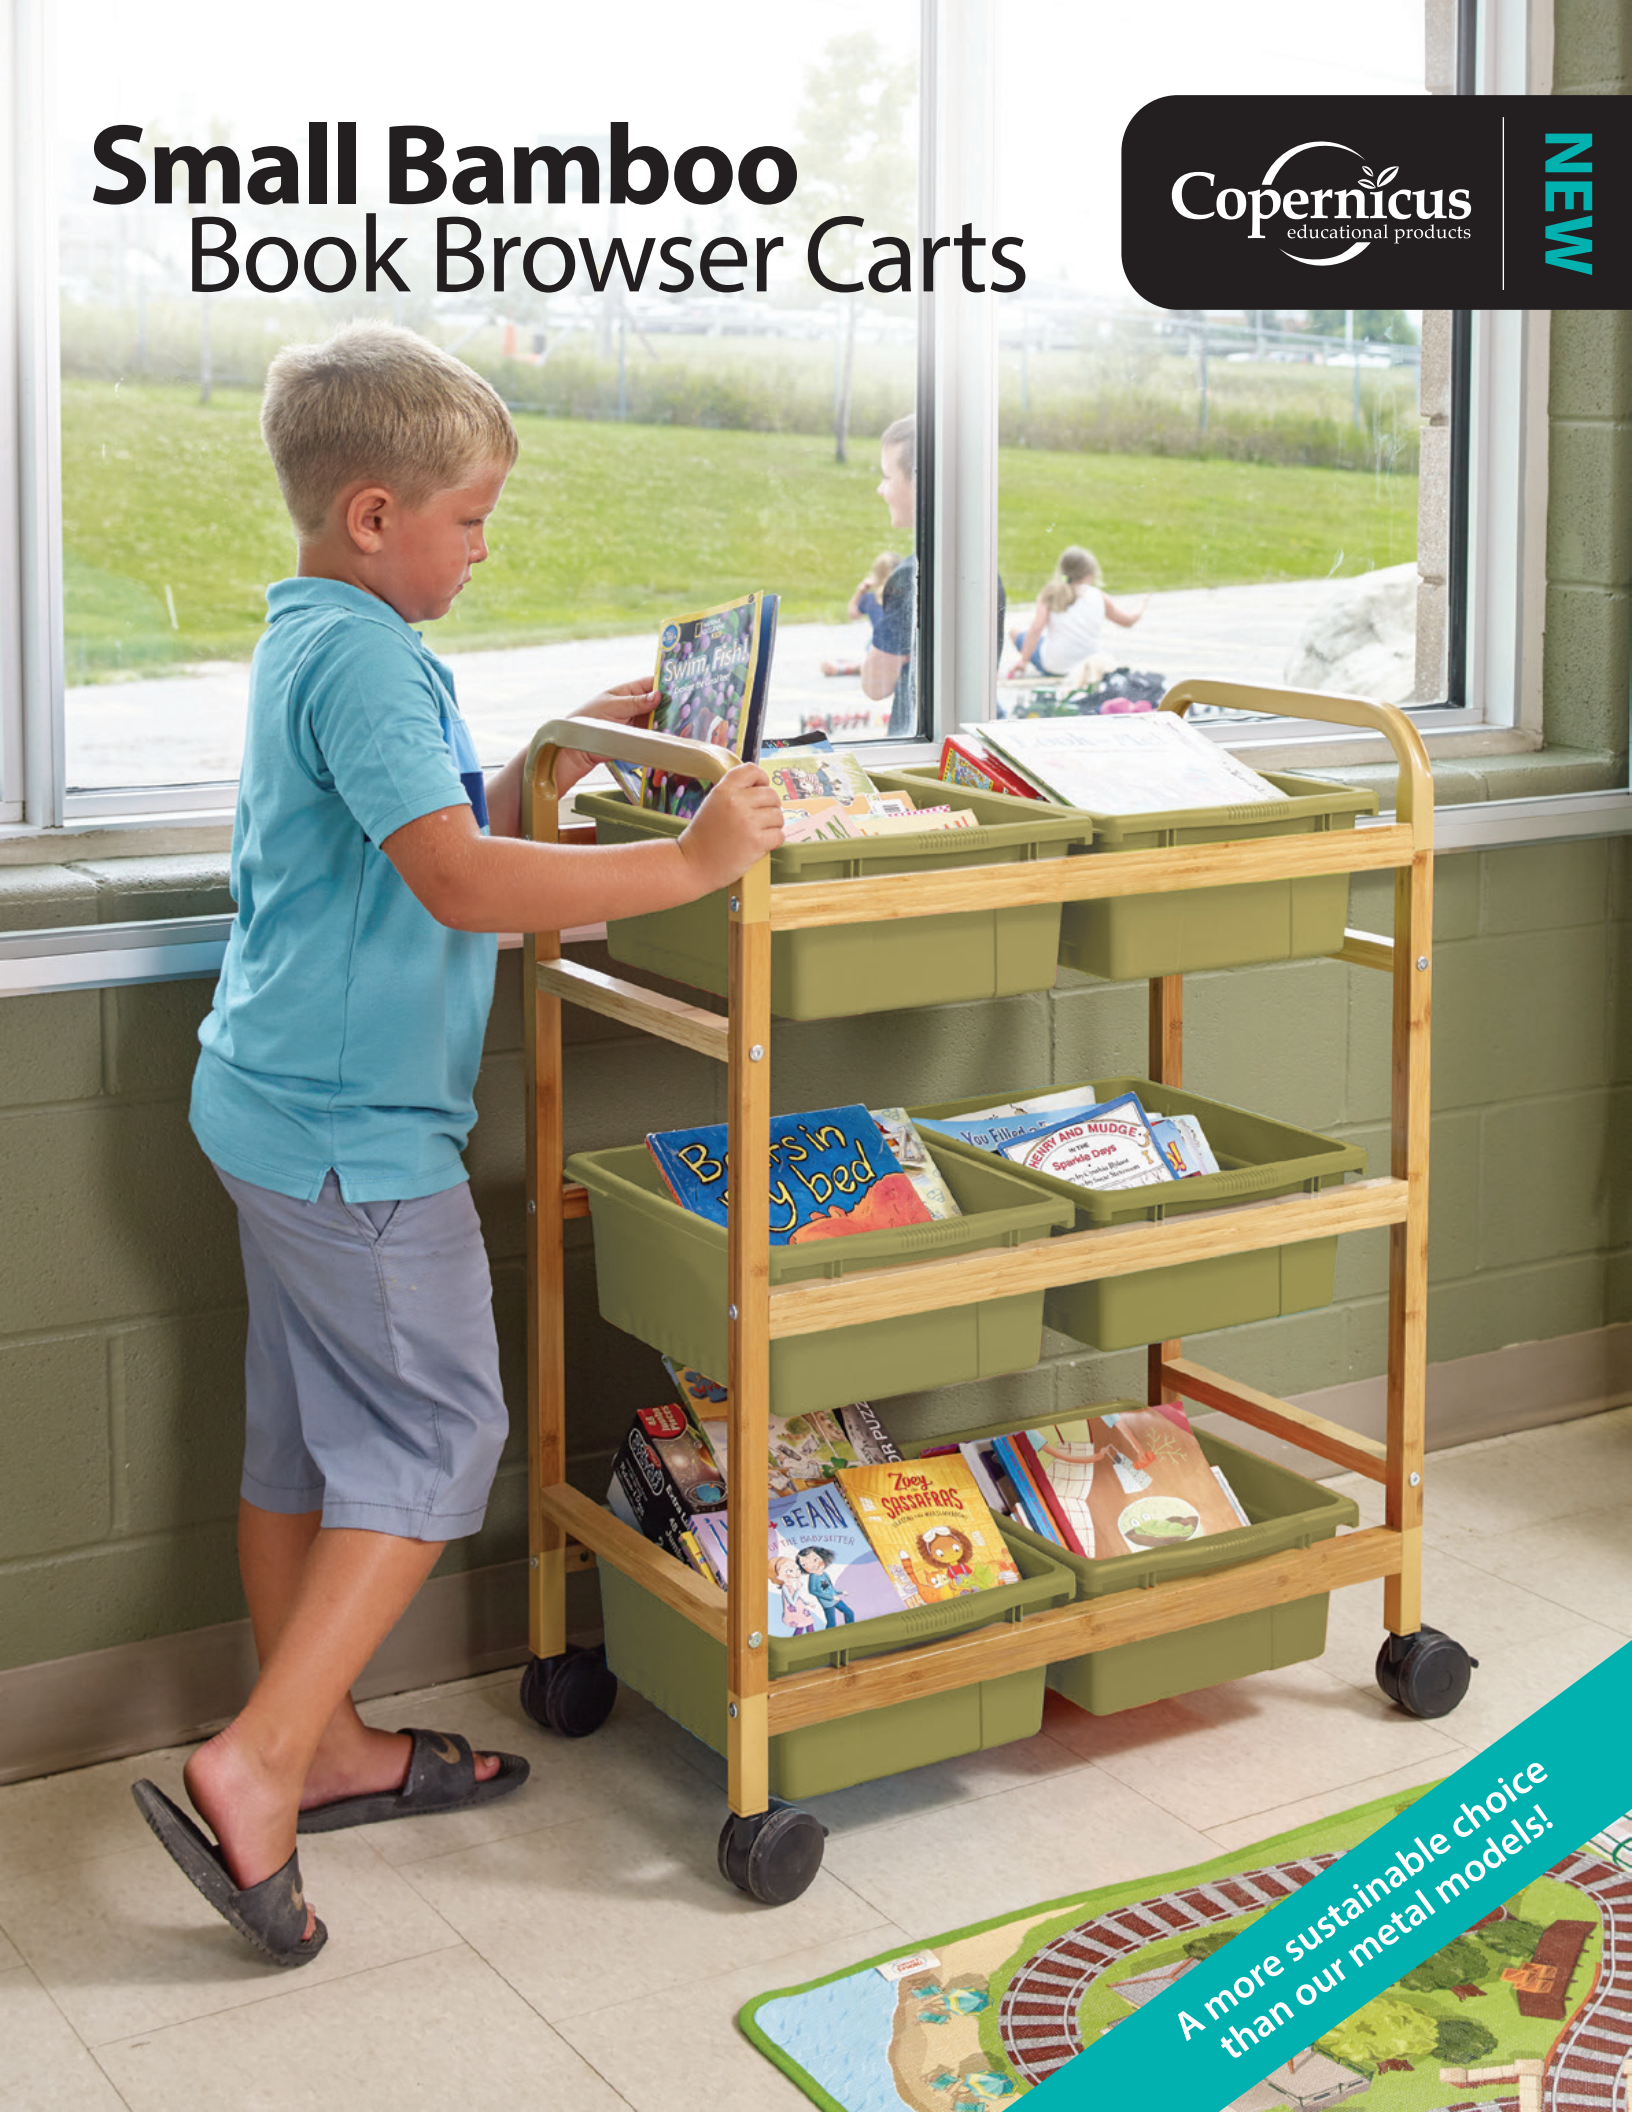
NEW



A more sustainable choice than our metal models!

NEW Small Bamboo Book Browser Cart with Six Tubs

This cart has a natural aesthetic better suited for neutral and early childhood environments. It is a more sustainable choice than our metal models because it has a smaller carbon footprint. Bamboo is a renewable resource that grows quickly and sequesters carbon, unlike steel which produces carbon. This cart can be used as a mobile in-class library or for makerspace materials and tools. It holds up to 60 lbs, the tubs can be removed from the cart and are available in four different color combinations.

Features:
- Sturdy frame that can hold up to 60lbs
- Six Large Open Tubs made with 25% recycled plastic
- 3" Locking casters
- Tubs can be easily labeled (labels not included)

Dimensions:
37 ½" H x 28" W x 16" D

Warranty
Lifetime

Giving Back
For every bamboo product purchased, Copernicus will make a donation to conserve natural panda habitat through the World Wildlife Fund.
