

NEW! Tech Tub²® Stacking Cart

(FTT124 / FTT124-USB)

Real
Classroom
Ready.

"We need to be able to safely store small sets of devices in our classroom, but we don't have a lot of floor space."

Store and charge up to 24 devices (6 per tub) in one compact, easy-to-maneuver cart that can be tucked away in a classroom or moved throughout a school.

NEW! Tech Tub²® Stacking Cart - holds 24 devices

The Tech Tub²® Stacking Cart can charge and store up to 24 iPads®, Chromebooks™ and other tablets in one compact footprint. The cart's design makes it easy to move devices throughout a school and to maneuver effortlessly around desks and chairs in the classroom. The Tech Tubs® can also be unclipped from one another and placed around the class to reduce deployment bottlenecks.

Tech Tub²® Stacking Cart (FTT124)

- Includes four Premium Tech Tubs® that hold up to 24 devices (6 per tub)
- Sturdy steel frame construction
- Convenient compact footprint
- All tubs can be removed from the cart
- Tubs can be unclipped and placed throughout the classroom to reduce deployment bottlenecks
- Large handle and 4" locking casters makes maneuvering the cart easy for students and teachers
- Power timer for charging (requires only 1 outlet)

Additional model with USB hubs that sync and charge iPads® (SKU FTT124-USB)

Tech Tub²® features:

- Holds all generations of iPads®, most 11" Chromebooks™ and other tablets
- Adjustable dividers to accommodate devices with and without cases
- Easy-to-use side cable organizer
- 6 outlet power strip with surge protector
- Cable hooks on the back to manage cords during transport
- Made of durable plastic and metal components
