

NEW! Device Charging Tub

(DCT600)

Copernicus
educational products

The Copernicus Difference

Designed with our durable Open Tubs
that have endured the rigours of
elementary classrooms for decades.

NEW! Device Charging Tub

The Device Charging Tub is an affordable charging and storage solution for iPads®, Chromebooks™ and other tablets. Its compact design fits into any classroom setting, is easy to carry, simple to use and is built with the same quality found in all Copernicus products.

Side cable management to keep cords tidy and in line with devices

Adjustable dividers to accommodate a wide range of devices with or without cases

Includes a 6 outlet power strip and cable hooks on the back to manage the cord during transport

Open Tub has handles on each end to make carrying easy

Features:

- Holds all generations of iPads®, most 11" Chromebooks™ and other tablets
- Adjustable dividers to accommodate devices with and without cases
- Easy-to-use side cable organizer
- 6 outlet power strip with surge protector
- Cable hooks on the back to manage cords during transport
- Made from durable plastic and metal components
