This mobile table is the perfect workstation for two students. Two Store-It Drawers provide a place to store papers and pencils while two easily detachable, hanging Write-n-Wipe panels allow children to write down notes and ideas and share with others. The workstation also features a pegboard modesty panel, which can be used to store small supplies or tools in user-supplied pegboard bins or hooks. These features make the workstation ideal for incorporating STEM and STEAM (Science, Technology, Engineering, Art, and Math) activities into your learning space. The 48" x 30" laminate table top provides plenty of working space and the gray mobile legs adjust from 20" to 31" high and are 2" thick. KYDZSafe® edges. KYDZStrong® construction. KYDZTuff® finish. Laminate tabletops 1½" thick. Legs adjust in one-inch increments with the extra-safe dual-screw leg adjustability system. Quick mount legs with minimal assembly. Heavy-duty, locking casters for mobility. Commitment to Care. GREENGUARD Gold certified. CARB II & CPSIA compliant.
