

THE SIGHTS & SOUNDS
OF EDUCATION

2-Way 10-Position Stereo Jackbox

Model 1210T

Because the most successful learning is often interactive, this 2-way jackbox enables students to listen and actively respond through the connected smartphone, tablet or computer.

1. Connects headphones for listening only or use To Go® headsets for 2-way communication with audio source
2. Individual volume controls
3. Two predrilled holes to permanently affix jackbox
4. Industry's first To Go jackbox connection ideal for FaceTime®, Skype® sessions, Google® + hangouts, 6' cord with 3.5mm plug connects with (iOS® and Android®-based) smartphones, tablets, computers & other audio sources
5. Rugged ABS plastic casing for durability and school safety
6. 3.5mm jack to daisy chain another jackbox for added listeners
 - Ideal for differentiated learning, listening centers, literacy groups, ELD/ ELL and Special Education applications, call center training and language labs
 - Skid-resistant pads under each corner won't mar or scrape surface
 - Silver-plated contacts help prevent "crackling" sound heard with other jackboxes when connecting
