AFB7930 Universal Storage Cart Assembly

Final Assembly

Important Information:

⚠ WARNING

Adult Assembly Required

This product contains hardware that before assembly, contains sharp points and small parts that can pose a laceration and choking hazard to children under the age of 3 years. Care should be taken when unpacking and assembling this product.

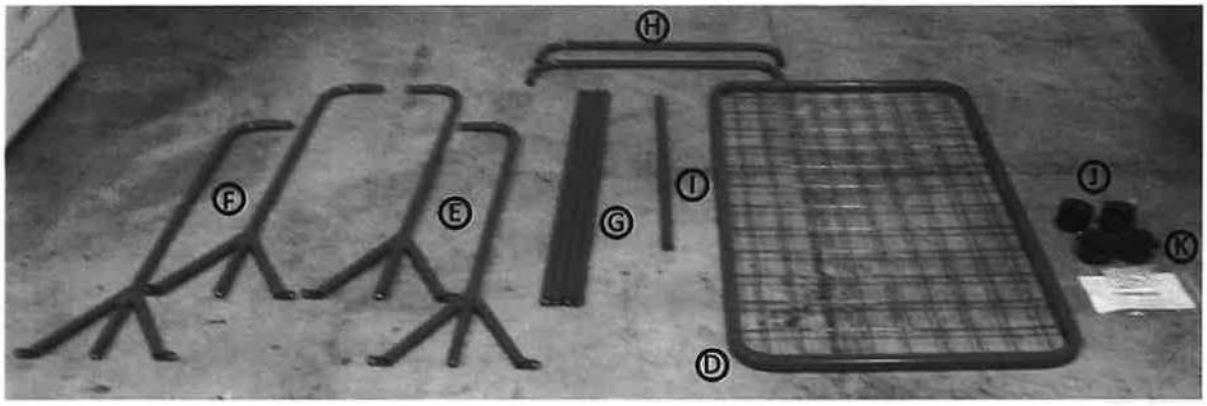

Risk of Suffocation

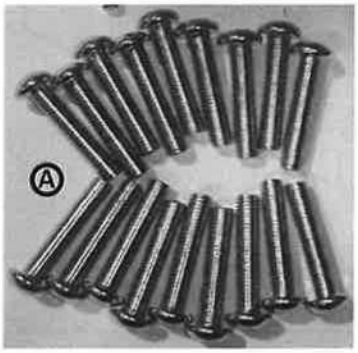

Remove plastic film, keep away from small children. The thin film may cling to nose and mouth and prevent breathing.

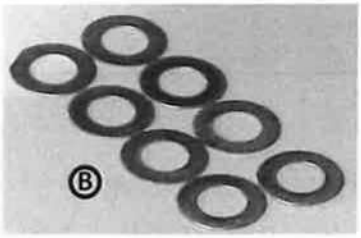

IMPORTANT - KEEP THESE INSTRUCTIONS FOR FUTURE USE

AFB7930 Universal Storage Cart

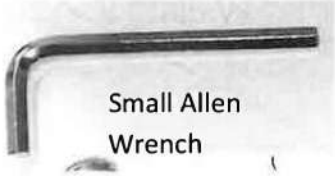

Important Information:

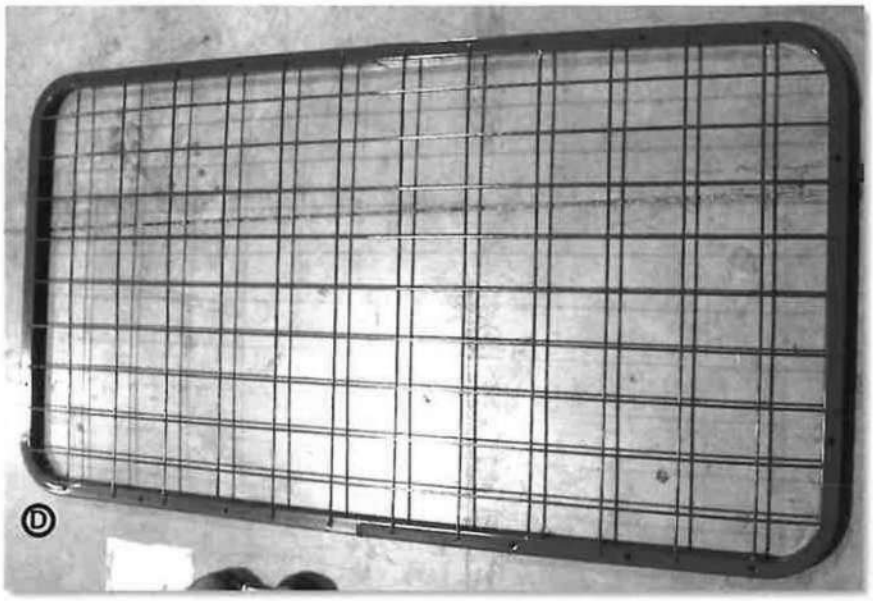

Small Allen Wrench

Carefully unbox the cart and make sure all the pieces for assembly have arrived.

Item	Amount	Description
A	18	Long Allen Head Bolt 1.625 mm
B	8	Washer
C	8	Locknut
D	1	Base
E	2	Pole Handle with Hole
F	2	Pole Handle without Hole
G	4	Handle Support Pole
H	2	Handle
I	1	Back Support
J	2	Non-Locking Caster
K	2	Locking Caster
	1	Small Allen Wrench
	1	Hex Wrench

Note: Caster style may vary from casters shown.

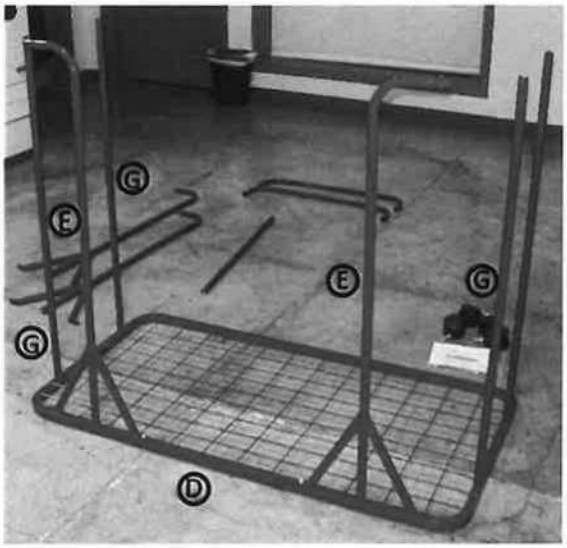

Assembly Instructions:

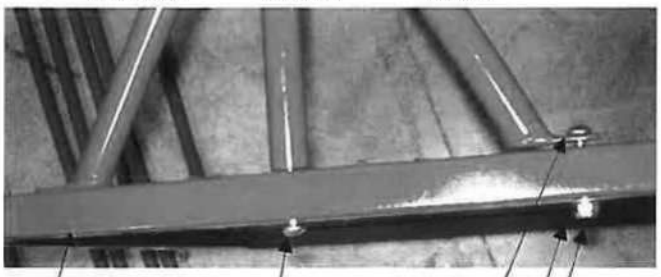

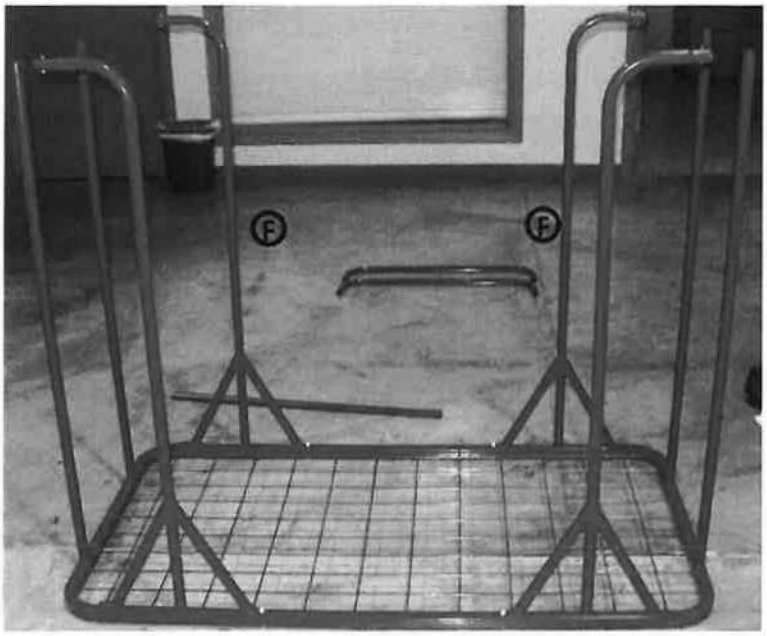

Note: Do not fully tighten fasteners until fully assembled.

STEP 1:
Locate part (D) (shown right side up).

STEP 2:
With Base right side up, using the Small Allen Wrench and Hex Wrench – Attach each of the 2 (E) Pole Handles with Hole to Base with 2 (A) Long Allen Head Bolt, 1 (B) Washer, and 1 (C) Nuts as shown in the picture at right. Leave holes closest to the ends of the Base open. Then attach 4 (G) Handle Support Poles with flat end of pole to Base with 4 (A) Long Allen Head Bolt using Small Allen Wrench.

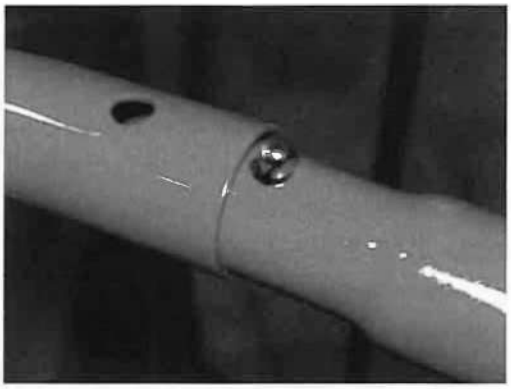

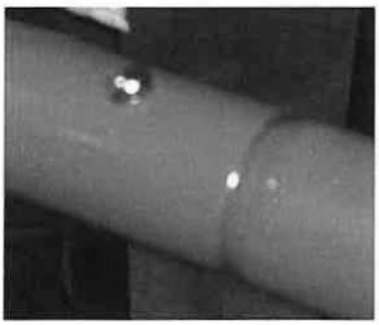

STEP 3: (See Step 2 detail)
Attach each of the 2 (F) Pole Handles Without Hole to Base Assembly with 2 (A) Long Allen Head Bolt, 1 (B) Washer, and 1 (C) Nut using Small Allen Wrench and Hex Wrench.

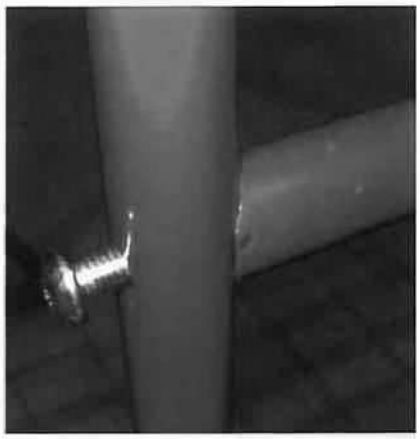

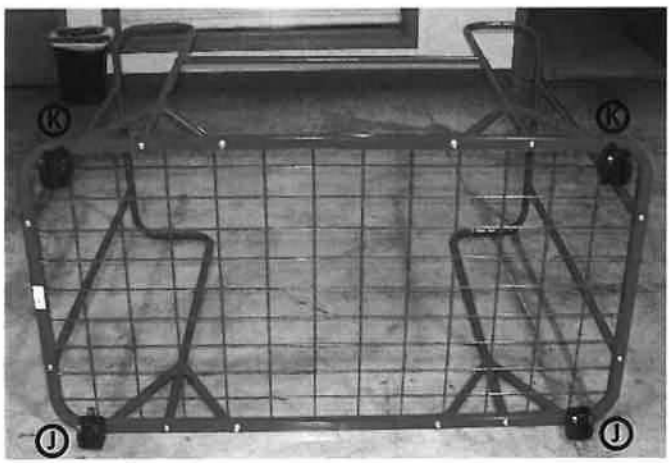

STEP 4:
Attach each of the 2 (H) Handles to Base Assembly by snapping in Handles to Pole Handles (as shown). Using 2 (A) Long Allen Head Bolt and Small Allen Wrench secure handle to your 2 Handle Supports on each end of the assembly.

STEP 5:

Using 2 (A) Long Allen Head bolt and Small Allen Wrench attach (I) Back Support to Base Assembly as shown.

Step 6:

On the side WITHOUT the Back Support, insert the 2 (K) Locking Casters into the remaining open holes on the Base Assembly, place a (B) Washer on the end and secure with the (C) Nuts. One the side WITH the (I) Back Support, insert the 2 (J) Non-Locking Casters into the remaining open holes on the Base Assembly, place a (B) Washer on the end and secure with the (C) Nuts.

STEP 7:

After assembly is complete and before use, go back and make sure all bolts and screws are tight.

Thank you for your purchase of our Angeles product. Periodic cleaning and maintenance will ensure that it will provide many years of service.

Cleaning

A soft cloth and a mixture of mild non-abrasive soap and water is usually enough to clean heavily soiled deposits from our products. Cleaners should be used as a last resort and be used only following the warnings and directions on the cleaner.

To disinfect, Add 1/4 cup of bleach to 1 gallon of cool water or for a smaller amount you can mix 1 tablespoon bleach to 1 quart cool water.

Keep the bleach solution you mix each day in a cool place out of direct sunlight and out of the reach of children.

PLEASE NOTE - A solution of bleach and water loses its strength very quickly and easily. It is weakened by organic material, evaporation, heat, and sunlight. Therefore, bleach solution should be mixed fresh each day to make sure it is effective. Any leftover solution should be discarded at the end of the day. *NEVER mix bleach with anything but fresh tap water!*

Maintenance

Tools that are provided with the product should be retained and used with maintaining your Angeles product.

Using common tools and/or supplied tools, check bolts and screws monthly to ensure the tightness.

Light oil in moderation can be used on moving parts to ensure proper movement and operation. Be sure to properly clean up any excessive oil.

Storage

For best results; always store in a clean, cool and dry place that is away from the elements (rain, wind, water & snow/ice).
