Our product warranty is valid when used under the proper application in a classroom, daycare, or library.

A Note About Bamboo and Wood

Organic materials, including bamboo and wood, feature natural variations in color and grain pattern, and visual irregularities where growth nodes or knots exist. The particular color or pattern of any one part or product may vary from one item to another, and it may change slightly with age. These natural variations are considered normal and do not constitute a defect covered under warranty.

Lifetime warranty does not cover miss-use, damage due to water or chemicals being left to sit on the surface of the product, or normal wear and tear on the product. Our warranty does not guarantee against long-term exposure to continued harsh chemical use - over time, harsh chemicals may eventually wear the finish down.
