NSA Tested Volume Rating: Low

The Dahle 20434ds Rapid Deployment Shredder is NSA/CSS 02-01 approved and supports the top-secret shredding needs of military and government agencies. It features precision milled cutting cylinders, automatic jam protection, and a foam lined Pelican case for rapid deployment. This P-7 shredder produces a 1 mm x 4.7 mm particle size and holds up to 6 gallons of shredded waste. It's German engineered and guaranteed to provide many years of trouble free operation.

MILLED CYLINDERS

This shredder features solid cutting cylinders milled from a bar of German Solingen steel. They're perfectly aligned in an all-steel frame. The result is a machine with strength, power and the ability to handle all of your data destruction needs.

EASY TRANSPORT

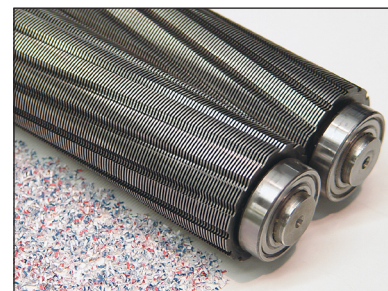

Transporting this machine from one place to another couldn't be easier! Just place the shredder inside the high impact plastic case and ship to any destination. Inside this case, the shredder is protected by foam padding and an airtight and watertight seal to prevent corrosion.

RELIABLE QUALITY

Dahle's shredders are German Engineered using the latest technology and finest materials. The end result is a quality machine and peace of mind in knowing your Dahle shredder will provide many years of trouble free operation.

This shredder comes equipped with a high impact plastic mobility case for easy transit.

Dahle High Security cutting cylinders reduce a sheet of paper to over 15,500 pieces.
