

Data Destruction

Paper and Digital Media Shredders

Dahle North America, Inc.

A Strong Brand

Trusted since 1930

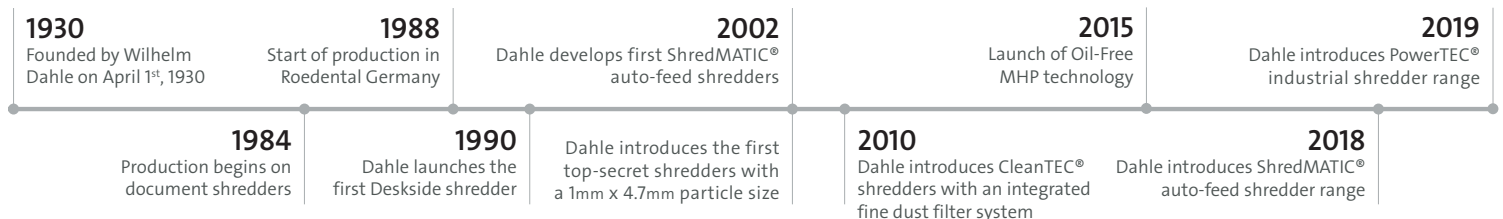

Dahle: Quality products since 1930

Engineered and developed in Germany, the Dahle name is synonymous with quality and innovation. Dahle offers a complete range of shredders that exceed even the most serious demands for performance. All products are factory tested before release to ensure complete customer satisfaction. Using the strictest standards for quality, each shredder is guaranteed to give the highest level of performance that customers have come to expect from Dahle.

GERMAN

ENGINEERED

Why Choose Dahle?

Recent events have made shredding confidential information a necessity. Documents found in the trash are not legally protected so they're fair game to individuals looking to find out more information about you and your business. This explains the rapid increase in identity theft and industrial espionage. Federal security laws require that medical and financial institutions as well as business owners must

properly safeguard their client's personal information. What's the best way to dispose of this information? Shred it with a Dahle Professional Shredder.

Dahle shredders are carefully engineered in Germany by Novus Dahle GmbH using the latest technology and finest materials. Each component is manufactured and assembled with precision from 90 years of experience.

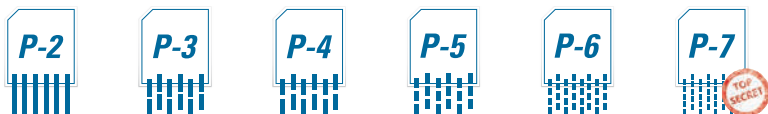

Dahle shredders feature cutting cylinders that are guaranteed to last a lifetime. Other components such as rubber shock mounts, electronic sensors, and a thermally protected motor produce a quality machine and peace of mind in knowing your Dahle shredder will provide many years of trouble-free operation.

Security Levels

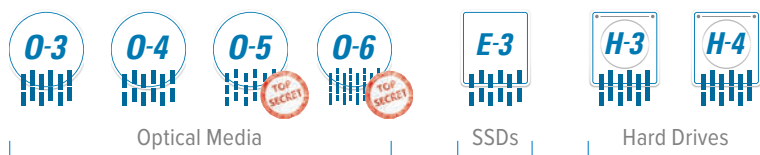

Under the international DIN 66399 standard, Dahle offers six security levels for document destruction. Each increase in security level represents a smaller particle (shred) size. A shredder with a greater security level will offer a lower sheet capacity compared to a lesser security model. Be sure to understand your company's security requirements before making a selection.

Special Features

Dahle Shredders

DAHLE CleanTEC® Air Filtration

- Traps harmful fine dust
- Improves air quality at work
- Provides a healthier environment

Oil-Free Shredding

- Maintenance-free / hassle-free
- Maintains peak performance
- Environmentally friendly

Automatic EvenFlow Lubricator®

- Provides slow, continuous oil
- Reduces heat & friction
- Maintains peak performance

Automatic Jam Protection

- Eliminates frustrating jams
- No shredder down time
- Prevents damage to shredder

SmartPower Energy Management

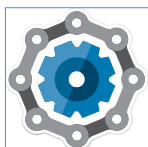

- Reduces energy consumption
- Saves on electrical costs
- Environmentally friendly

Auto-Feed Shredder

- Shreds stacks of paper automatically
- Saves time and improves efficiency
- Safe and convenient operation

Chain-Driven Motor

- Produces maximum power from the motor to the cutting cylinders
- Steel components provide durability

German Engineered

- Over 95 years of experience
- Latest technology & design
- Trouble-free guarantee

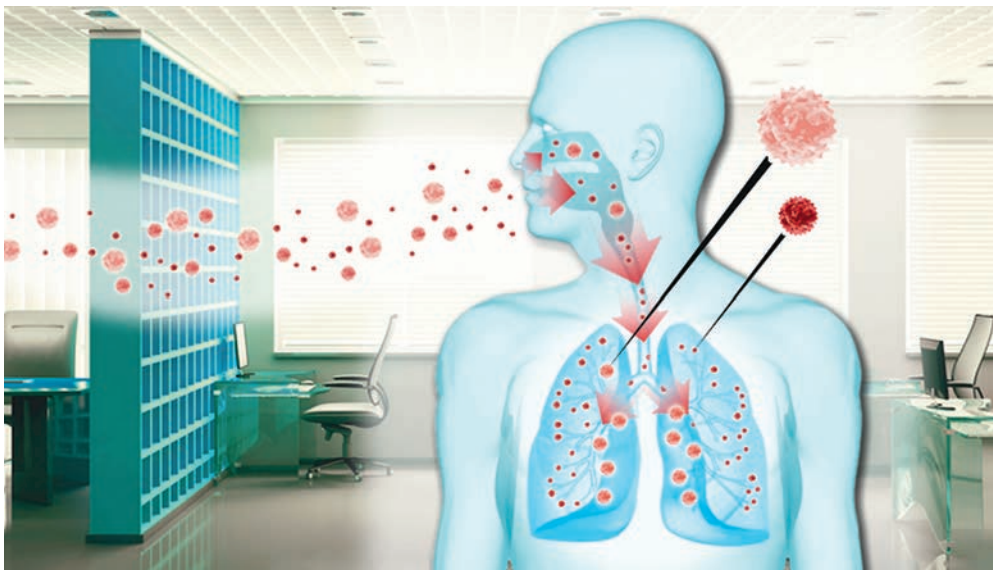

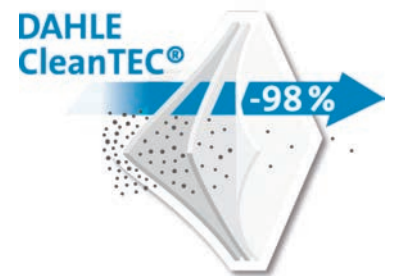

Protection Against Fine Dust

DAHLE CleanTEC®

Air pollution poses a health risk not only outdoors, but also in the office. Copiers, printers and fax machines are known sources of dust polluted air. Document shredders are also known to produce dust particles which can effect air quality.

DAHLE CleanTEC® shredders are equipped with an innovative dust filtration system. Bothersome fine dust is collected directly above the cutting cylinders and captured in a filter before it enters the air.

- Closed system: Particles do not enter the room air
- Effective against ultra-fine particles (< 100 nm)
- Innovative Freudenberg (global technology leader in filtration) filter system "Made in Germany"
- Halogen-free filter, can be disposed of in household waste

DAHLE CleanTEC® fine dust filters achieve a reduction of fine dust by 98 % in the air.

Auto-Feed Shredders

Save time with Dahle ShredMATIC®

Say hello to hassle-free, fast shredding! Dahle ShredMATIC® shredders are a convenient way to shred stacks of paper quickly and easily. Just insert your paper in the tray and the automatic

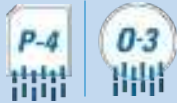

feeder will take care of the rest. These efficient shredders are German engineered for reliability and feature oil-free operation and integrated jam protection for guaranteed performance.

Office Shredders

For centralized use in business offices

With the widespread use of copiers and networked printers, it's essential to have a Dahle office shredder nearby for proper destruction of confidential information. Offices and teams of employees will benefit from having easy access to a large,

centralized shredder. Designed and developed in Germany, Dahle shredders are the preferred choice among security professionals throughout the world.

Department Shredders

For use with large teams in busy offices

Known for their power and waste capacity, Dahle Department Shredders provide a practical solution for the destruction needs of the busiest offices. These machines can continually shred large quantities of paper and are the perfect size for daily,

monthly, and even quarterly shredding. These high-volume shredders feature a larger waste bin for higher shred capacity and less frequent bag changes. Ideal for centralized locations in any large office, copy room, or communications center.

- NSA-CSS Specification 02-01
- NSA Tested Volume Rating: High
- Precision milled cutting cylinders
- Automatic EvenFlow Lubricator®
- SmartPower energy management
- Chain driven for maximum power

P-7

Security Level: P-7

Sheet Capacity: 8

Waste Volume: 30 gal.

40534 | 41534

- NSA-CSS Specification 02-01
- NSA Tested Volume Rating: High
- Precision milled cutting cylinders
- Automatic EvenFlow Lubricator®
- SmartPower energy management
- Chain driven for maximum power

P-7

Security Level: P-7

Sheet Capacity: 8

Waste Volume: 38 gal.

20394

- NSA-CSS Specification 02-01
- NSA Tested Volume Rating: High
- Precision milled cutting cylinders
- Automatic EvenFlow Lubricator®
- Automatic jam protection
- Chain driven for maximum power

P-7

Security Level: P-7

Sheet Capacity: 9

Waste Volume: 50 gal.

707 PS

- NSA-CSS Specification 02-01
- NSA Tested Volume Rating: High
- Precision cutting cylinders
- Automatic EvenFlow Lubricator®
- Chain driven for maximum power
- Easy-to-use LED keypad

P-7

Security Level: P-7

Sheet Capacity: 11

Waste Volume: 53 gal.

717 OS

- NSA-CSS Specification 04-02
- Steel gear driven for maximum power
- Precision cutting cylinders
- Automatic jam protection
- Automatic EvenFlow Lubricator®
- Easy-to-use LED keypad

Security Level: O-5

Capability: CDs

Waste Volume: 20 gal.

727 CS

- NSA-CSS Specifications 02-01 | 04-02
- NSA Tested Volume Rating: High
- Precision cutting cylinders
- Automatic EvenFlow Lubricator®
- Chain driven for maximum power
- Easy-to-use LED keypad

Security Level: P-7 | O-5

Capability: Paper | CDs

Waste Volume: 53 gal. (combined)

747 CS

- NSA-CSS Spec. 02-01 | 04-02
- NSA Tested Volume Rating: High
- Precision cutting cylinders
- Automatic EvenFlow Lubricator®
- Chain driven for maximum power
- Easy-to-use LED keypad

Security Level: P-7 | O-6

Capability: Paper | DVDs | Blu-ray

Waste Volume: 53 gal. (combined)

Shredder Supplies

For Convenience and Performance

Shred Bags

Dahle Shred Bags are the best way to contain your shredded waste until it's ready for disposal. Each bag features gusseted sides to expand to the maximum capacity of your shredder cabinet.

Shredder Oil

Dahle Shredder Oil is designed to keep your shredder running at peak performance. This clean formulation reduces cutting cylinder friction, ensures consistent shredder performance, and is designed to cling to your cylinders without build-up.

CleanTEC® Filter

The DAHLE CleanTEC® air filter permanently traps up to 98% of fine shredding dust and provides a cleaner, healthier work environment. For use in all DAHLE CleanTEC® shredders.

Shredder Supplies

Model #	Description	Quantity
20710	DAHLE CleanTEC® Air Filter	1 Filter
20719	Dahle 747 CS Shredder Oil - 10 oz. bottles	6 bottles
20721	Dahle Shredder Oil - 12 oz. bottles	6 bottles
20722	Dahle Shredder Oil - 1 gal. bottles	4 bottles
20723	Dahle Shred Bags for 8-10 gal. shredders	200 bags

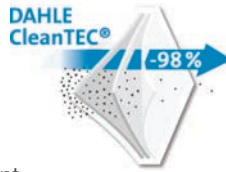

Model #	Description	Quantity
20724	Dahle Shred Bags for 11-19 gal. shredders	100 bags
20725	Dahle Shred Bags for 20-30 gal. shredders	100 bags
20726	Dahle Shred Bags for 31-55 gal. shredders	100 bags
20736	Dahle Shred Bags for 56-70 gal. shredders	100 bags
20737	Dahle Shred Bags for 71-120 gal. shredders	50 bags

What Sets Us Apart

Dahle Shredder Features

CleanTEC® Filtration

- Traps 98% of harmful fine dust
- Improves air quality at work
- Provides a healthier work environment

Chain Driven Motor

- Provides continuous power and slip-free performance to the cutting cylinders

Jam Protection

- The motor automatically stops and reverses in the event of an overfeed

Thermally Protected Motor

- During extended use the shredder shuts off to prevent overheating

Wooden Cabinet w/Casters

- Attractive, modern design blends with any office environment

SmartPower Energy Management

- Automatically reduces power consumption when idle and saves on electrical costs

Rubber Shock Mounts

- Suspends the cutting head to isolate noise and reduce vibration
