# Handwashing Compliance

## Ozark River is the Standard

### NSF® CERTIFICATION

NSF® Certification is a key factor separating Ozark River Portable Sinks® from its competitors. NSF® is the most recognized sanitation standard in many industries. Certification is critical to help ensure Ozark River Portable Sinks® complies with most state and local handwashing codes.

### SACERS RATING

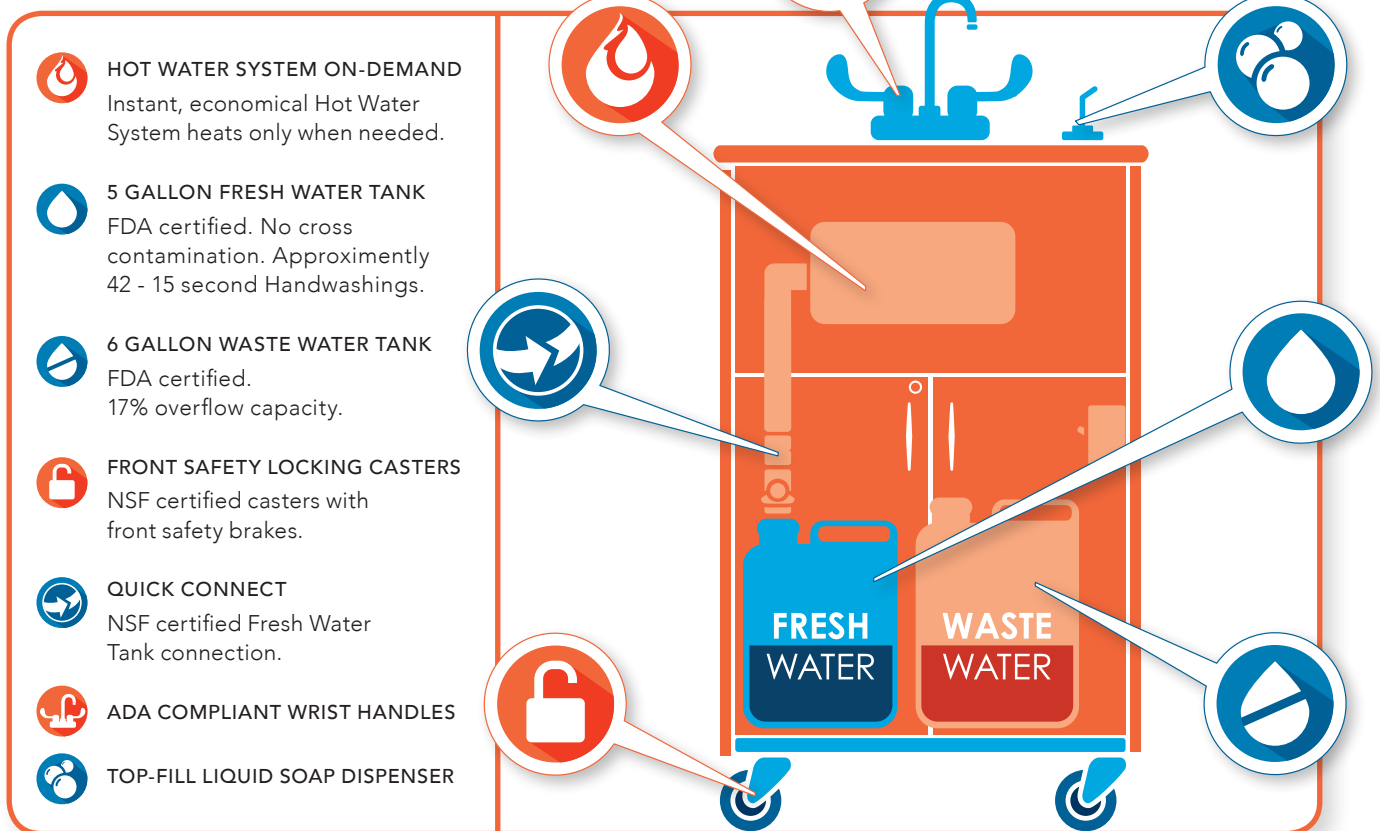

SACERS provides an easy to use resource for defining high-quality care and assessing levels of quality in child care programs. Ozark River Portable Sinks directly affect SACERS, increasing the rating.

**SACERS Rating: 12 - 3.4 - 5.1 - 5.2**

### ENERGY AND WATER SAVINGS

Our reliable, instant hot water system uses a minimal amount of energy to heat the water. No preheating of water is required. Sinks also dispense a sensible 1/2 gallon of water per minute (GPM), providing a perfect, economical stream of water for handwashing while conserving precious water resources.

*Consult with your state and local environmental health official to confirm usage of portable sinks in place of plumbing.*
