

ELTON

Four steel legs are welded into a solid frame and topped by a sturdy seat.

- Available in two-inch increments ranging from 16" to 30" high.
- Seat has 15.5" diameter.
- Rungs on all four sides mean there's no wrong way to sit.
- Dress it up or down with a steel, wood, or leather seat.
- Add leather stitching (available in six colors) for an extra dash of style.
