

Fixed File Shelf (FSF-78) Specifications

Materials: Fixed File Shelves as well as all Tennsco products are fabricated of high quality, cold rolled carbon steel, free of scale or rust and fully pickled. Exposed edges, corners and surface areas are free of sharp edges and all workmanship is of the highest quality as measured by the industry.

Finish: All steel components shall be thoroughly cleaned and phosphatized for rust resistance in a five-stage pre-treatment process. A high grade of polyester/epoxy powder paint is to be applied electrostatically with a gloss reading of between 55 and 65. The finish shall have a salt spray rating of 250 hours or more.

Back: 22 gauge, Offset and punched to accept file dividers.

Sides: 22 gauge, Channel formation on front. 1/32" offset on top and bottom to allow top to fit flush.

Top: 22 gauge, Box formation in front. Flange on remaining sides.

Bottom: 22 gauge, Flanges on all four sides and punched for dividers and levelers.

Shelf: 22 gauge, Flanges welded at rear and ends. Box formation at front. Punched to accept file dividers and reference shelf.

Gusset: 16 gauge, Two flanges for strength.

Leveling Glides: 4 per Unit

Dividers: Black plastic, 4 per shelf level.
