

VisuALL PC Conference Cabinet / 413XX

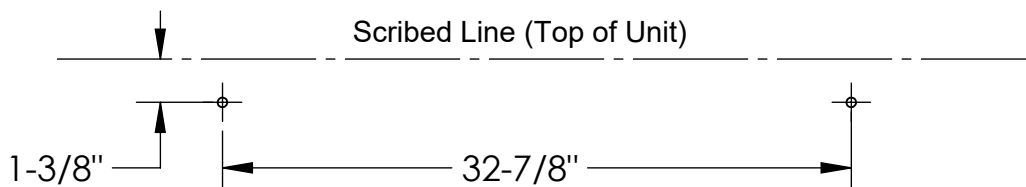

Installation Instructions

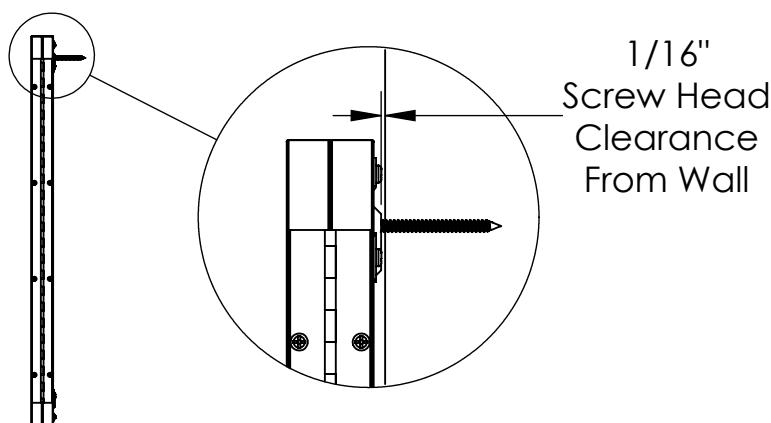

Step 1: Remove and unpack the conference cabinet board and hardware.

Step 2: Determine the desired mounting height of the VisuALL PC and scribe a level line 1-3/8" down from this location. Position and mark the locations for (2) mounting holes 32-7/8" apart.

Step 3: Install #8 screws at the marked locations leaving a gap of 1/16" between the screw head and the wall. Use drywall inserts as needed if unable to mount into a wooden stud. Then carefully hang the VisuALL PC Board onto the mounting screws.

Step 4: Recycle all packaging in accordance with local regulations.
