

Beginner Level STEAM Starter Pack

STEM-2E

STEAM-2E Pack Includes:

- (2) Edison Educational Robot Kit – Robotics and Coding Learning
- (1) Robo-Brush™ Toothbrush Robot Kit
- (1) Boost-R-Bots™ STEAM Education Robotics Kit
- (1) Animation Studio Kit
- (1) Green Screen Production Kit
- (1) Laminated Cardboard Carry Case

Bring STEAM curriculum to life with HamiltonBuhl's Beginner Level STEAM Starter Pack – full of coding and block-building robot engineering kits, as well as media production kits!

Tomorrow's inventors and problem-solvers are today's students, teaching them a better understanding of STEAM concepts will be essential in preparing them for the careers of tomorrow. This beginner level pack is ideal for elementary grades, but can also be used in middle school grades, where STEAM concepts are just being introduced.

Each product in this STEAM Starter Pack comes with FREE downloadable lesson plans. Aligned to the required standards, the lesson plans include worksheets, teacher's guides, evaluation rubrics, and more. What a turn-key and convenient way to introduce STEAM education into the classroom!

This is literally, a solution right out of the box!
