

MoorePower® Grommet Mount Power Assembly

Clean power access. Minimal footprint. Seamlessly integrated into the workspace.

MoorePower® Grommet Mount Power Assembly delivers convenient, everyday power in a compact, unobtrusive design that integrates directly into a standard desk grommet. Ideal for classrooms and learning spaces where simplicity and clean sightlines matter, it provides essential charging without adding clutter to the work surface.

Designed to fit neatly into a standard grommet opening, this small-profile power solution includes one standard AC outlet and a USB-A/USB-C combo module to support a range of devices. Its streamlined black finish blends easily into desks and tables, keeping technology accessible while maintaining a tidy, professional appearance. Easy to specify and simple to integrate, Grommet Mount Power Assembly is a smart choice for technology-enabled spaces that value subtle, efficient power access. SCS Indoor Advantage Gold Certified.
