STACK CHAIRS

The all-new **850-CL** is an affordable yet durable sled-based stack chair, featuring a black 18-gauge steel tube frame, with a polypropylene seat and back. The seat and back are offered in two stylish colors, suited for institutional environments including cafeterias, dining halls and food service, as well as commercial venues such as break rooms, training and conference rooms, bingo halls and elks lodges. These chairs are equipped with built-in ganging glides to link multiple chairs together with ease. With just one simple step the chairs can be handily attached and detached from one another.

Conveniently transport 30 chairs at once with the optional **DY-CL85** dolly.

The 850-CL, with a weight capacity of over 300 lbs., is a quality chair – at a low price that is built to last.

Choose Navy Blue or Black Seat and Back
