

RW7000 | COMMERCIAL ROWER

POWER THROUGH YOUR TOUGHEST WORKOUTS

This high-performance, hybrid commercial rower blends the whisper-quiet resistance of a magnetic rower with the natural feel of an air rower. It is the perfect complement to a home gym, hotel, health club, or training center for use by beginners and professionals alike.

UNIQUE FEATURES

Heart Rate

Polar Chest Strap Compatible

High visibility 5.5" LCD Back-lit Screen

Adjustable footrests and angled handlebar provide a comfortable fit

U-Shaped seat removes tailbone pressure for easy movement

Long-lasting stainless steel coated monorail ensures smooth glide throughout the full stroke

Quick-release unlock mechanism for compact storage

Nickel-plated steel chain for instant feedback.

Hybrid air and magnetic resistance reduces noise and mimics water rowing.
