

## Specifications

Mobile Square Table with adjustable height shall have the following construction standards, features and benefits:

**MODELS:** CBS48

**DIMENSIONS**

- **WIDTH:** 48" Square
- **TABLE HEIGHT:** adjustable from 30" - 42"  
(stoppable at any height)

**FINISH**

Tables shall be finished with a powder paint coated frames and leg assemblies or nickel chrome plated leg assemblies (for Chrome add 'C' to model number).

**TABLE TOP**

*Choose one of the core materials and one of the edge protection choices.*

**PARTICLE BOARD**

Constructed of solid 1-1/8" thick, minimum 47# industrial grade particle board core as standard.

**Optional — PLYWOOD**

1" thick, premium grade plywood core with multiple plies for strength and durability (for Plywood add 'P' to model number).

**Optional — MDF**

1-1/8" thick, minimum 47# industrial grade medium density fiberboard core.

**DYNA-ROCK EDGE™ (DR)**

All cores listed above shall be permanently bonded with high pressure plastic laminate and balanced with a high pressure plastic laminate backing sheet to prevent moisture penetration. Top edges shall be sealed and protected with a 100% solid polyurethane resin sprayed and permanently bonded to the edges of the plastic laminate, core and plastic backing sheet as standard.

**LEGS**

Leg is adjustable height with tilt-mechanism and constructed of heavy-duty 16 gauge X 3" round steel tubing, which is secured to table top with heavy-duty steel mounting plate.

**OPERATIONAL ADVANTAGE:**

- The locking mechanism shall have an automatic spring loaded safety stop to lock the table at any height.
- Special High-Speed Gas Cylinder™ allows for easier and smoother operation of raising the table to any desirable height.
- Table design is versatile, allowing the table to be used within multiple environments and activities.
- One-piece top prevents food from collecting within gaps, and allows for quick & easy cleaning before, during and after dining.
- Compact nesting and storage

**CASTERS**

Caster shall be 3" diameter by 1-3/8" wide, heavy-duty solid poly, non-marking wheels with a minimum rated load capacity of 275# each. All caster shall come standard with double raceway ball bearing swivel casters to help ensure years of safe and easy operation.

**MAS GREEN CERTIFICATION**

Mobile table shall be tested and certified for indoor air quality, for public safety as well as environmental protection.

**WARRANTIES**

Mobile table shall be covered by a 15 year warranty.

All weld joints and DYNA-ROCK EDGES™ shall be covered by a lifetime warranty.
