Android 16 OS

Multiple Port Connections

Introducing our newest StarBoard interactive display powered by Android 16 Pro. Engineered for speed and flexibility, powerful performance, customizable features and seamless support for your favorite tools. It's the solution for enhancing collaboration and sparking creativity in any environment. Android 16 Pro integrates with software and technology platforms, providing a smooth, responsive and intuitive writing experience. Whether you're brainstorming ideas, delivering presentations or tackling problems, this interactive display is designed to adapt to the way you work.

Share, write, and connect with ease using SBS Note, wireless screen sharing, and iMagicShare for remote access. With StarBoard ID, enjoy a single login across all applications, including StarBoard ELF, while seamlessly accessing and collaborating through Google Drive, Microsoft OneDrive, Google Classroom, and other popular cloud platforms. Powered by Android 16 Pro, StarBoard delivers smarter collaboration for every learning and meeting workspace.
