

DISCOVER LEARNING THROUGH TOUCH!

StarBoard® INTERACTIVE TOUCH TABLE

UP TO
10
SIMULTANEOUS
TOUCH POINTS!

Where Collaboration Meets Engagement

Transform classrooms, libraries, museums, and public spaces into interactive learning environments with the StarBoard Interactive Touch Table.

Designed to encourage collaboration, creativity, and hands-on exploration, this versatile touch table allows multiple users to interact simultaneously for a truly engaging experience.

POWERFUL FEATURES

MULTI-TOUCH COLLABORATION

Supports up to 10 simultaneous touch points, allowing multiple users to interact, learn, and collaborate together at the same time.

PERFECT FOR EDUCATION & PUBLIC SPACES

Ideal for classrooms, STEM labs, libraries, museums, visitor centers, and information kiosks.

FLEXIBLE SYSTEM-LESS DESIGN

No pre-installed operating system means you can install the platform that best fits your environment and applications.

WINDOWS & ANDROID COMPATIBLE

Integrate seamlessly with your preferred software and content solutions.

DURABLE CONSTRUCTION

Built with anti-glare tempered glass for reliable performance in high-traffic environments.

MULTIPLE SIZE OPTIONS

Available in 32-inch and 43-inch display sizes to fit a variety of spaces and applications.
