Features

User-Friendly:

A systemless touch table is designed with simplicity in mind, without a pre-installed operating system. Users can freely insert in different operating systems as needed.

High Compatibility:

Since it doesn't come with a pre-installed OS, users can choose any operating system compatible with the hardware, such as Windows, Linux, or Android, offering great flexibility.

Cost-Effective:

A systemless touch all-in-one machine is usually more affordable than devices with a pre-installed OS, as there are no additional licensing fees for the operating system.

Customization:

Users can configure the device according to their specific needs, making it ideal for various applications such as education, healthcare, or retail.

Hardware Reliability:

Despite not having a pre-installed OS, these devices are typically equipped with high-quality touchscreens and robust hardware, ensuring stable performance in various environments.

Versatility:

The systemless touch all-in-one machine can be used for a wide range of purposes, such as information inquiry, display, and interactive entertainment, making it adaptable to different application needs.

Product Specifications

Display Screen	Model	TE - CT - 32	TE - CT- 43
	Size	32 in	43 in
	Backlight	LED	
	Display Area	27 x 15 in	37 x 21 in
	Screen Ratio	16:9	
	Resolution Ratio	1920 x 1080	
	Brightness	350cd/m²	
	Viewing Angle	178 x 178	
	Contrast Ratio	1200:1	
	Refresh Rate	60Hz	
	Response Time	≤8ms	
	System Configuration	Operating System	NON-OS, Compatible with Android, Mac, Chromebox
Speaker		5W x 2	
I/O		USB-A 2.0 x 2	
		OPS Slot x 1	
		RJ45 IN x 1	
		Power Switch x 1	
		AC Switch x 1	
Structure	Table Housing	Sheet Metal	
	Color Option	Customized	
	Cover Glass	3mm Tempering Glass	
	Installation Method	Disassembly or Assembly	
	Product Size	36 x 23 x 22 in	45 x 29 x 22 in
	Packing Size	41 x 15 x 29 in	TBD
	Net Weight	95 lbs	TBD
	Gross Weight	112 lbs	TBD
Touch Specification	Touch Panel	4mm AG Anti-glare Tempered Glass	
	Touch Technology	Capacitive Touch	
	Touch Point	10 Touch Points	
	Touch Accuracy	≤3mm	
	Response Time	≤6ms	
	Interface Driver	USB Free Drive	
	Transparency	≥85% ± 2%	
	Writing Mode	Finger or Capacitive Pen	
	Support System	Windows and Android	
	Operation Temperature	-10℃ ~ 60℃	
	Voltage	110V ~ 220V
