**Easy Simple Design & Use \* Easy On Your Tables & You**

Setting up tables can now be done by one person without ever lifting one single table. Simply roll the Table Toter to the spot where you want your tables set up, extend the legs of the table and let gravity do most of the work for you. To load tables, reverse the process, roll the tables to your storage area, and you are done. The Table Toter is ergonomically designed to take the hassle out of using your heavy folding tables. The design and manufacturing of the Table Toter utilizes the finest materials for the all steel welded frame to insure years of use. The five inch diameter, 1-1/2" inch width non-marking Phenolic casters make rolling the Table Toter easy, even when fully loaded with ten tables. Each unit comes with brakes on two casters to secure the cart. Table Toter is shipped with easy assembly instructions and is ready to use in minutes.

The patented method which Table Toter uses to load, unload, and store tables - allowing you to save time and money!

**Round Table Toter - For 4' or 5' Round Folding Tables**
