**Premium colors available with an upcharge.*

Options include: doors, handle styles, caster kits, wood laminate tops, colors and more!

Grade

Jumbo Cabinets

The optimal solution when you need extra capacity to store more stuff and heavy loads

1 Super Heavy-Duty Construction

20-gauge doors and sides, 22-gauge backs along with a 18 gauge sill make these units sturdy enough to handle all your requirements.

2 Increased Storage Capacity

48" width provides 33% more storage

3 Box-Formed Shelves

Our specially engineered shelves are spot welded in corners and along the length of the box form, enabling them to support up to 400 lbs. per shelf.

4 Adjustable Levelers

Two adjustable levelers on front corners compensate for uneven floors.

5 Double Handles

Two brushed chrome handles. Right handle uses three-point keyed locking to secure both doors.

6 Leaf Hinges

Cabinets use four leaf hinges on each 78" high cabinet door and two on each 42" and 30" high door.

7 Adjustable Shelves

Shelves adjust in 2" increments without tools. Integrated shelf support tabs secure shelves tightly to cabinet without clips or added parts.

8 Raised Base

Raised base keeps contents out of harm's way from cleaning liquids.

Options

Door Styles

C-THRU DOORS

Provides the perfect solution for viewing contents of cabinets while restricting access. Great option for schools, industrial applications, airports and prisons.

SLIDING DOOR

Sliding Doors are an ideal solution for narrow spaces. Available in our traditional storage Jumbo Cabinet.

PERFORATED DOORS

Ensures continuous airflow for maximum ventilation of clothing, shoes, heat from electronics, etc. Available on our 72" high Standard cabinets and our 78" high Jumbo cabinets.

Additional Options

RECESSED HANDLE

Provides easy access without handles obstructing narrow aisle ways.

CASTER KIT

Caster kits are available for 18" deep and 24" deep cabinets. (24" deep only for Jumbo). Kit adds 6 ¾" to cabinet height.

Note: Casters are not available on units with pull out drawers.

KEYPAD HANDLE

Keypad Handles are battery-operated, safe, secure and provide controlled access. The keypad features a failsafe way to access the cabinet in case a code is misplaced or forgotten.

COLORS

Tennsco's Storage Cabinets are electrostatically painted with a tough, long lasting powder finish to ensure years of lasting beauty.

WOOD LAMINATE TOP

Sable oak high pressure laminate top provides a convenient work surface for desk and counter high cabinets.
