

ENVIRONMENTAL & SUSTAINABLE ATTRIBUTES

Stevens Industries, Inc., the manufacturer of Tot Mate®, is committed to environmental/sustainable responsibility. From our well-informed choice of materials to our state-of-the-art manufacturing, Tot Mate's final products are assured to be safe and environmentally friendly. Attributes include but are not limited to:

Architectural Woodwork Institute (AWI):

Architectural Woodwork Institute (AWI) was established in 1954 for producers of custom millwork. Since its inception, the group has dedicated its resources to improving architectural woodwork industry standards through education and collaborative efforts by its members. AWI members offer customers the added assurance that the manufacturer is knowledgeable of, and adheres to, the industry's high standards. We're proud to be a long-standing AWI member. www.awinet.org

The Architectural Woodwork Institute Quality Certification Program (AWI QCP) has been available since 1995. This program has been recognized by architects, designers and specifiers as the authoritative source of guidance on fine architectural woodwork. It offers an increased level of consumer protection in architectural woodwork sections of construction documents and allows designers and specifiers to include a total quality management mechanism for woodwork in project documents. www.awiqcp.org

UL GREENGUARD Certification:

Stevens Industries, Inc. is proud to be one of the few casework, millwork and panel laminators to have achieved GREENGUARD Gold Certification for our products. Our high-quality laminated products meet stringent chemical emissions limits. GREENGUARD Gold Certification (formerly known as GREENGUARD Children & Schools Certification) includes health based criteria for additional chemicals and also requires lower total VOC emissions levels to ensure that products are acceptable for use in environments such as schools and healthcare, to account for sensitive individuals (such as children and the elderly). It is referenced by both The Collaborative for High Performance Schools (CHPS) and the Leadership in Energy and Environmental Design (LEED) Building Rating System. For a complete list of our UL GREENGUARD Certified products, visit: www.ul.com/gg

Forest Stewardship Council (FSC):

FSC® (Forest Stewardship Council®) certification ensures that products come from responsibly managed forests that provide environmental, social and economic benefits. FSC Trademark License Code: FSC-C014934. Ask us about our FSC products! www.fsc.org

29

American Institute of Architects (AIA):

Since its inception in 1857, the American Institute of Architects (AIA) has served as a resource for members and a voice of the industry. The AIA sponsors continuing education for those in the field, sets industry standards in contract documentation, and conducts market research and analysis. AIA celebrates the artistic designs of its members and recognizes their work through an awards program. www.aia.org

American Society for Quality (ASQ):

American Society for Quality (ASQ) is the world's leading membership organization devoted to quality. When ASQ says "quality" they mean best practices, continuous improvement, and tapping the full power of knowledge. www.asq.org

Construction Specifications Institute (CSI):

Construction Specifications Institute (CSI) is a national association of specifiers, architects, engineers, contractors, building materials suppliers and others involved in commercial and institutional building design and construction. The organization has 145 chapters and more than 16,000 members. CSI provides technical information and products, continuing education, professional conferences, and product shows to enhance communication among all disciplines of building design and construction, and to meet the industry's need for a common system of organizing and presenting construction information. www.csinet.org

National Association for the Education of Young Children (NAEYC):

The National Association for the Education of Young Children (NAEYC) is dedicated to improving the well-being of all young children, with particular focus on the quality of educational and developmental services for all children from birth through age 8. NAEYC is committed to becoming an increasingly high performing and inclusive organization. www.naeyc.org

<90ppm lead content standard under Consumer Product Safety Improvement Act (CPSIA)

Exceeds California Air Resources Board (CARB) 2 requirements

Stevens will be compliant with TSCA Title VI.

Complies with California's Prop 65
