2-PERSON ASSEMBLY RECOMMENDED.

IMPORTANT!

Be sure to keep all parts supported during assembly to avoid damage. Do not over-tighten screws or it will damage the pre-drilled holes; snug fit is adequate.

HARDWARE INCLUDED (other hardware is pre-installed)

Leg Screw (6)

NOTE: Phillips screwdriver required but not included.

NOTE:

Illustration of table top and leg shown at right is representative of all table top shapes and both leg styles.

STEP-BY-STEP ASSEMBLY

2-PERSON ASSEMBLY RECOMMENDED.

IMPORTANT!

*Be sure to keep all parts supported during assembly to avoid damage.
Do not over-tighten screws or it will damage the pre-drilled holes;
snug fit is adequate.*

STEP 1

Lay **Table Top (1)** face down on floor. Note that there are two pre-mounted **Table Leg Clips (4)** for each leg. Each **Table Leg Clip (4)** has three pre-installed **Clip Screws (5)**.

STEP 2

Each adjustable table leg is made up of an **Upper Leg (2)** and **Lower Leg (3)**. **Upper Leg (2)** has a mounting bracket that will be attached to a pair of **Table Leg Clips (4)** and the table top. The set screw is used to secure **Lower Leg (3)** at the desired height. **Lower Leg (3)** has a series of pre-drilled holes for height adjustment, as well as a leveler.

STEP 3

Slide mounting bracket on one **Upper Leg (2)** under lip of both **Table Leg Clips (4)**. The bracket should slide all the way in to the second step. If necessary, loosen the **Clip Screws (5)** to allow the mounting bracket to slide completely into place. When **Upper Leg (2)** is correctly positioned, the two holes in the mounting bracket will align with the pre-drilled holes in the table top, as shown.

STEP-BY-STEP ASSEMBLY

STEP 4

Tighten the three **Clip Screws (5)** in each **Table Leg Clip (4)**. Secure mounting bracket to table top with two **Leg Screws (6)**.

STEP 5

Insert **Lower Leg (3)** into **Upper Leg (2)**. Position **Lower Leg (3)** at desired height, making sure appropriate pre-drilled hole is aligned with the set screw. Tighten set screw.

TM9418R:

LEG HEIGHTS range from 13" to 22"
TABLE HEIGHTS range from 14" to 23"

TM9419R:

LEG HEIGHTS range from 20" to 29"
TABLE HEIGHTS range from 21" to 30"

STEP 6

Repeat **Steps 3-5** for remaining legs.

STEP 7

Carefully position table upright and adjust levelers as needed for stable positioning on floor.

This completes the assembly.
