

Plastic color options:

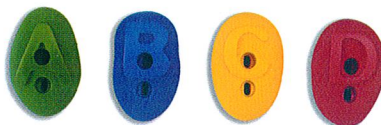

*Slight color variations may occur during the molding process

Letter & Number Handholds
Playful Color Palette

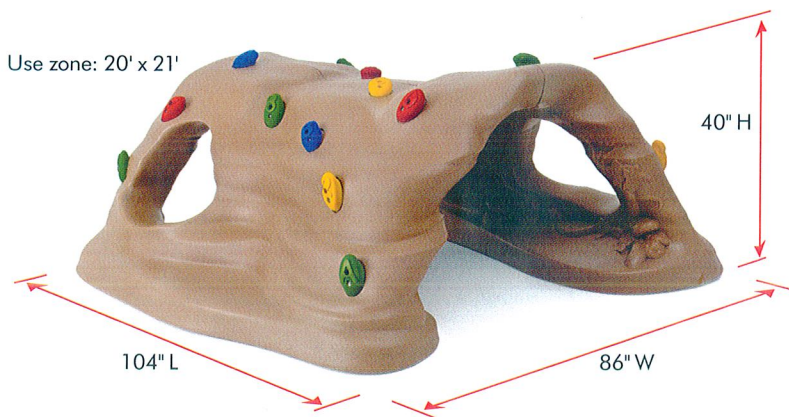

Professional Handholds
Natural Color Palette

Handholds are designed by rock climbing specialists and sized specially for ages 2 and up. Hybrid resin and UV stabilized material makes holds strong and durable.

Handholds available in either Playful or Natural color palettes

Use zone: 20' x 21'

Climb and Discover Cave Features:

- Large cave design and peek-through openings on both sides and ends of climber allow for maximum access and supervision
- Four molded-in seating areas provide cozy semi-private spaces and areas for social interaction
- Inside of cave is completely clear of support obstructions for active play
- Made from premium UV-stabilized rotationally molded plastic with an extra thick double-wall design for durability
- Two handhold package options are available:
 - Letters and numbers– ideal for early childhood for letter and number recognition
 - Professional Handholds– for a real rock climbing experience
- Traditional inground playground mounting system is included. Ask about our surface mount option
- Made in the USA
