Wood Stools

Artisan Wood Stools

Solid Hardwood Stools

Allied’s solid hardwood stools are ideal for science lab tables, art classrooms and more. Constructed of solid wood, they feature a full under-seat support apron for maximum strength, making this stool incredibly strong and highly durable.

What’s more, they are constructed of eco-friendly Parawood, a responsibly grown, harvested and renewed resource, with a hard smooth finish, similar in color and durability to maple.

Specifications

Solid Hardwood Seats: 13 7/8” diameter and 3/4” thick. Smooth bull-nose edges for comfort. Solid wood under-seat support apron.

Solid Hardwood Legs: 1 1/4” x 1 1/4” solid hardwood. 1 1/2” x 3/4” Horizontal supports for stability • Edges are smoothed and fully rounded for enhanced safety.
