WHAT MEANS MOST TO US IS PROTECTING WHAT MEANS MOST TO YOU.

Life is unpredictable. Disaster can strike your home or business at any time. Clutter and disarray can creep in and create lost productivity and profit. It's time to protect what really matters, with solutions from the company that specializes in peace of mind. For more than six decades, FireKing has taken great pride in providing homes and businesses with safety, security and organization, along with the reassurance of knowing they can recover from whatever disaster life throws at them. From documents, petty cash, key management, and data storage to your most business-critical files, FireKing keeps the truly irreplaceable, truly safe.

FIREKING PROVIDES PEACE OF MIND.

Take a moment and think about the things that are most important to your business or home. The things that can't be easily replaced, or replaced at all. Think about your most business-critical tax and payroll documents. Your digital storage media. Or your licensing paperwork. Now think about the personal things that are just as valuable to you. Like your insurance policies, birth certificates and passports. These are

the things that deserve the protection that FireKing can provide. FireKing products come in an extensive range of styles and sizes to provide safe, secure storage that blends in with your business, and your life. For every reason, choose FireKing, and invest in your own peace of mind.

Use these icons to guide you to the FireKing products that will best suit your needs.

Made in the U.S.A.

WHEN DISASTER STRIKES, MAKE SURE YOU HAVE THE RIGHT ARMOR.

Some things are valuable. Some, on the other hand, are practically irreplaceable. Whether you're securing business-related items like license paperwork, payroll documents or computer media, or protecting your most precious personal items like passports, digital photographs and insurance policies, FireKing is the solution to trust.

Whatever your business or lifestyle, FireKing has a storage solution that will keep your possessions safe. The things that matter most deserve the best protection money can buy. Don't entrust them to anything less than FireKing.

The Best Records Protection You Can Buy

COLORS

FireKing[®] Vertical, Lateral, FireKing 25[®], Card, Check and Note Files, Signature Series and FireKing Two-Hour file cabinets are available in the 11 standard colors preferred by today's office designers and decorators: Parchment, Champagne, Tan, Sand, Platinum, Brown, Taupe, Pewter, Black, Arctic White and Ivory White.

Turtle® Files are available in Parchment only.

Patriot by FireKing[™] Files are available in Parchment and Black only. To aid your selection, your FireKing dealer will be glad to show you color charts. Custom colors are also available.

FILE FEATURES

FIREPROOF INSULATION is 100% gypsum, reinforced by a 1"x 2" lattice made of 14-gauge, galvanized welded-steel wire, providing complete peace of mind from fire, impact, or explosion.

WATER RESISTANT,

all FireKing files are designed to prevent water damage resulting from sprinklers and fire hoses. Vertical Classic files are ETL verified and have fire retardant silicone gasket around each drawer for added protection.

FIELD-REPLACEABLE

STEEL PANELS in the event that any panel is damaged, it can be easily replaced.

FINISH

is an environmentally friendly, electrostatic powder coating, applied to all sides, including bottom. The finish is scratch-resistant, providing a lifetime quality appearance.

> DRAWER BODIES are built with high sides for use with hanging folders – no additional frames are required.

Please contact Customer Service if matching a specific color.

BACK OF

140 ancost.

O

DRAWER LOCKS on all files provide general locking of all drawers through either standard key locks or UL[®]-listed, high-security locks.

DRAWER PULLS are surface-mounted to allow for extra insulation inside the drawer heads

INSULATION BETWEEN ALL DRAWERS makes each one a separate insulated container.

TWO-POSITION DRAWER CATCH

allows access to certain drawers while others remain locked. (Not available on Patriot by FireKing files.)

DRAWER HEADS are formed of welded steel and filled with fireproof gypsum insulation.

DRAWER SUSPENSIONS are maintenance-free.

FIREKING® VERTICAL FILES

FireKing Vertical 31"-deep Files add a lot of protection to any office. For a modest one-time investment, you'll rest easier knowing that FireKing's most popular fireproof files are protecting your business. Vertical files are available in 2-, 3- and 4-drawer sizes, as well as letter and legal widths. A UL[®]-listed high-security Medeco[®] lock is standard. A variety of additional locking options are available. Choose from 11 standard colors (or any custom color you specify) to match your office décor perfectly. A complete range of accessory and interior options are also offered. Keep your records safe and on-hand with UL Class 350 1-hour fire and impact rating that carries FireKing's limited lifetime warranty and free replacement after fire guarantee. The exact style you want and the peace of mind you need.

FIREKING® LATERAL FILES

Our Lateral Files offer you all the features of our Vertical Files in a sleek design. They're fully equipped to handle both letter and legal hanging files-no additional frames are required.* They're available in 31", 38" and 44" widths in 2-, 3- and 4-drawer models, with a UL-listed Medeco key lock. Additional locking options are available. Like our vertical files, they carry a UL Class 350 1-hour fire and impact rating. Files are backed by FireKing's limited lifetime warranty with free replacement after fire guarantee. Also available in 11 standard colors or any custom color you specify. Peace of mind that fits your office and your sense of style. **An additional hanger bar is required for filing letter-size files side-to-side.*

FIREKING 25®

FIREKING TURTLE®

PATRIOT BY FIREKING®

4P1825-C

Legal size

FIREKING 25®

FireKing 25 files provide your important records with the protection they need with a UL class 350 1-hour fire and impact rating while economizing your space and budget. All the benefits of our larger-sized FireKing files in a competitively priced, 25"-deep size. Available in 2- or 4-drawer models and letter or legal widths. All FireKing 25 files are equipped with a UL[®]-listed, high-security Medeco[®] key lock, and FireKing's limited lifetime warranty with free replacement after fire guarantee. Also available in 11 standard colors. *Follower blocks for FireKing 25 files are sold separately.*

FIREKING TURTLE®

Don't spend money duplicating or replacing your valuable records. Just get a Turtle. For safeguarding your irreplaceable records and documents, no other 22"-deep file gives you as much protection as the extra-tough Turtle from FireKing. Both letter- and legalsized documents can be filed in a Turtle. The Turtle offers UL 1-hour fire protection with impact rating. Each one comes with a standard 4-pin key lock and our limited lifetime warranty with free replacement after fire guarantee. It's perfect for your home, personal office or small business. Available in Parchment color only.

PATRIOT BY FIREKING®

Economically priced for today's economy yet features FireKing's signature integrity and high quality, and has been awarded the prestigious UL class 350° 1-hour fire rating. The Patriot file comes in two and four drawer 31" and 25" models; 25" models are equipped to file letter-sized documents front to back or legal-size documents side to side. Features include field replaceable panels, recessed handles and your choice of two popular colors: black and parchment. Backed by a manufacturer's 10-year limited warranty.

10

FIREKING[®] CARD, CHECK AND NOTE FILES

Available in 4- and 6-drawer models. All models come with a UL[®] 1-hour fire and impact rating and FireKing's limited lifetime warranty with free replacement after fire guarantee. All Card, Check and Note Files feature a UL-listed, high-security Medeco[®] key lock. A wide variety of additional locking options are available to secure confidentiality. Plus, these files offer the option of 2- or 3-section inserts and card trays to allow you the flexibility your filing systems require. They come in 11 standard colors or any custom color you specify.

FIREKING® 2-HOUR VERTICAL FILES

With a 2-hour fire and impact rating from Underwriters Laboratories® it's the ultimate in fireproof records protection. That's because they are made with Thermocell II®, a proprietary insulation which provides twice the protection. Available in both letter and legal sizes. A UL-listed, highsecurity Medeco® key lock comes standard and carries FireKing's limited lifetime warranty with free replacement after fire guarantee. Eleven standard colors to choose from. Vertical files also come in custom colors and are available in 2-, 3or 4-drawer models.

SIGNATURE SERIES VERTICAL AND LATERAL FILES

4S3822-CSCML Shown in custom color

Match any color you choose for an additional cost

SIGNATURE SERIES VERTICAL AND LATERAL FILES

FireKing[®] Signature Series file cabinets offer the maximum in efficient, space-saving capacity and carries FireKing's limited lifetime warranty with free replacement after fire guarantee. Available in vertical and lateral models, all come with the quality construction and design features that make FireKing your best choice in fire-resistant cabinets.

- Exclusive powder coat finish for superior scratch, scuff, and stain resistance
- Accuride drawer suspensions are guaranteed for life
- · Field replaceable exterior steel skins
- UL®-listed Medeco® high-security locks in a variety of key and lock arrangements
- UL 1-hour fire and impact rating

FireKing Signature Series vertical files feature drawers with $1^3/_8$ " extra clearance to accept the largest types of documents – international style A-4, box files, binders, foolscap, ledger and folio sizes.

ACCESSORIES

You have many options to customize most of our fireproof file cabinets. You can add security features as well as accessories that will help you tailor your cabinet to your document types.

Note: Some accessories and options may not be available on certain Filing Cabinets.

CASTERS

Make your FireKing[®] file portable with a caster base.

CROSS TRAY

Cross Trays sit horizontally or vertically across a standard file drawer and are great for storing small items, cards, checks, etc.

INNER DRAWER

The Inner Drawer accessory fits inside standard file drawers and comes complete with glide rails for smooth operation.

DOCUMENT INSERTS

Opt for Document Inserts and provide a convenient way to file various non-standard size documents, a Top Inner Drawer (factory installed) or Section Inserts with 1 to 6 sections.

FILE LOCK OPTIONS

Electronic Locks are available for most FireKing files. Specify one e-lock for the cabinet or order your file with e-locks on each drawer. (Not available on Turtle or Patriot files.)

FIREKING® END-TAB FILING

CF7236-MD 72" tall with 6 fixed shelves

FIREKING® END-TAB FILING

For the protection of important end-tabbed documents, there's no better storage solution than the CF7236-MD and the CF4436-MD cabinets. Similar to our popular CF7236-D and CF4436-D Storage Cabinets, this end-tab filing system is backed by a UL Class 350 1-hour fire rating and carries FireKing's limited lifetime warranty with free replacement after fire guarantee, giving you protection and peace of mind. Each unit houses three or six fixed shelves, depending on cabinet size, with three adjustable dividers installed on each. Whether it's medical, law, or dental files – or whenever end-tab filing is the method of choice – you and your clients can trust the security that these units provide. Available in Parchment color only.

FIREKING® STORAGE CABINET

FIREKING® STORAGE CABINET

Because oversized documents, binders, end-tab filing, Banker's Box®, and other valuable items need fire protection too, there's the fireresistant FireKing® Storage Cabinet. Both the 72" four-shelf model and the 44" two-shelf model are equipped with a weight capacity of 160 lbs. per shelf, high-security Medeco® key locks that resist picking and drilling, plus scratch-resistant Parchment powder coat finishes for a lifetime of protection inside and out. They are also available with an Electronic Lock option. The FireKing Storage Cabinet comes with a UL Class 350 1-hour fire rating and carries FireKing's limited lifetime warranty with free replacement after fire guarantee.

ACCESSORIES

You have many options to customize our storage cabinets. You can add accessories that will help you tailor your cabinet to your document types.

LETTER SIZE **END-TAB FILING**

Store end-tab files with adjustable and modular end-tab filing shelves for easy, at-a-glance records archiving.

PULL-OUT TRAY

Create a convenient tabletop workspace in seconds with the Pull-Out Tray. It's sturdy enough to act as a writing surface, and discreet enough to slide out of the way when not in use.

FILE DRAWER

Our modular File Drawer comes in either a legal configuration, storing two rows of legal-sized folders side by side, or letter configuration, holding letter-sized folders in a single row.

BLUEPRINT HOLDER

Organize, store and access blueprints quickly with this convenient accessory. Blueprints are stored unfurled and upright so that designs and schematics are stored for easy access and protection.

FIREKING® 1-HOUR FIRE- AND BURGLARY-RATED SAFES

FB5428-1

Shown in Graphite with optional electronic lock

FB1612-1 Shown in Taupe with optional electronic lock

Comes standard with four shelves.

For added security, a ⁷/₈" anchor hole comes standard in the bottom of the safe.

FIREKING[®] 1-HOUR FIRE- AND BURGLARY-RATED SAFES

These safes carry both a UL® Class 350 1-hour fire rating and a UL RSC burglary rating. You might expect to pay hundreds, even thousands, more for a safe so tough. However, using today's most advanced technology, FireKing is able to offer these dual-labeled safes at a very affordable price. You don't have to sacrifice protection or pay more for the security they offer. Available in 7 sizes and carries a one year warranty with free replacement after fire guarantee. Two colors to choose from; Graphite or Taupe.

FEATURES:

- UL-listed relocking device for extra security
- Drill-resistant steel hardplate protects the combination lock
- Vertical and horizontal bolts resist prying
- Bolt-O-Matic door guard automatically extends the 1" bolts when the door is closed
- UL-rated Group II combination lock is standard with over 1,000,000 combinations
- Optional electronic lock automatically locks safe when door is closed
- $7_{\!\!\!\!8}$ " anchor hole in bottom of safe comes standard for added security

FIREKING[®] 2-HOUR FIRE WITH IMPACT AND BURGLARY-RATED RECORD SAFES

KR5021-2 Shown in Taupe with optional electronic lock

Three shelves are standard.

Equipped with 2 standard adjustable shelves and extra hardplate for enhanced drill resistance. All have a UL[®] fire and impact label, a UL[®] RSC burglary label and a high-security Medeco[®] kev lock.

UL® 2-HOUR FIRE WITH IMPACT AND BURGLARY SAFES

If you have reason to be extraordinarily serious about security, FireKing 2-Hour Fire and Burglary Safes are perfect for you. They are designed to offer superior fire and burglary protection. All 6 sizes carry a UL Class 350 2-hour fire rating, and all have passed UL's impact test.* All meet stringent security testing and carry a UL RSC burglary label and a UL-listed relocker. Available in 6 sizes and carries a one year warranty with free replacement after fire guarantee. Two colors to choose from; Graphite or Taupe. *The UL impact test calls for the safe to be heated to 1550°F for 30 minutes (1638°F for 45 minutes for a 2-hour fire-rated safe) then dropped onto concrete rubble from a height of 30 feet. Then it is inverted and reheated for another 30 minutes (45 minutes for a 2-hour fire-rated safe). The safe must maintain its integrity throughout the test and protect all contents. Why is impact testing important? In many fires, roofs will cave in or the floor will collapse, destroying everything under them. In such an event, you'll want to know your safe is impact-rated.

Underwriters Laboratories and UL are registered trademarks of Underwriters Laboratories and are used with permission.

SURESEAL BY FIREKING[™] FIRE & WATERPROOF CHESTS

Every year fires destroy buildings, furniture and other items that can be replaced or rebuilt. But fire and water damage can also destroy irreplaceable and priceless items. Keep your passport, digital media, birth certificates, warranties, insurance information, deeds and other valuables and important documents safe from fire and water with the new SureSeal by FireKing™chests. All SureSeal by FireKing[™] chests carry a UL fire rating and keeps interior dry even when completely submerged for up to two hours. Available in four sizes and designed to meet today's new and changing consumer's needs for home and office security.

This product is designed to protect digital media (CD/DVD, flash drives & portable hard drives). Please reference our data safes section for protection of film, data cartridges, video/audio cassettes, floppy discs, photos or photo negatives.

FIREKING® 1-HOUR FIRE RATED DATA SAFES

A wide range of interiors for storing magnetic media make these safes a versatile and economical choice. Computer media is easily damaged. Manufacturers recommend storing magnetic media at a temperature below 125°F and at a humidity level under 80%. Even a hot mug of coffee represents a real hazard, so imagine what a fire would do. In a FireKing Data Safe, computer media is protected from fire, dust, magnetic fields, unauthorized access, accidental damage and electrostatic discharge. These safes are available in 2 sizes and carry a UL® Class 125 1-hour fire rating* and carries a one year warranty.

FIREKING® 2-HOUR FIRE WITH IMPACT-RATED DATA SAFES

An ideal way to store all types of magnetic media and protect them against fire, dust and accidental damage. They are available in 2 sizes to accommodate your storage needs and carries a one year warranty. These affordable safes provide the ultimate in protection by incorporating layers of heat-absorbing material, fireproof insulating foam and fireproofing with a tough steel casing. Three-way boltwork ensures that doors remain shut if a building collapses during a fire or if a forced entry is attempted. Each FireKing 2-Hour Safe carries a UL® Class 125 2-hour fire and impact rating.

FIREKING® 3-HOUR DATA SAFES

Safe shown with Composite Drawers and Fixed Shelves (sold separately).

BOOK SAFES

Made with heavy gauge steel covered in book binding disguised as English Dictionary. Choose a Blue dictionary with a 3 wheel combination lock. Or choose a Red dictionary with a concealed key lock compartment. Both are great for hiding cash, collectibles, and personal items.

EMERGENCY KEY SAFE

Seamless drawn heavy gauge steel construction with piano hinge. Holds 3 emergency use keys. Features glass window if forced entry is required. Used by Fire departments, law enforcement staff for emergency access. Red powder coat finish.

SAFETY RATINGS

Underwriters Laboratories® (UL®)

UL is internationally recognized for conducting the most comprehensive tests in the world. For maximum records protection, a fire- and/or impact-rated safe by UL has been renowned as the best since 1923. Contractors, building and fire inspectors, and other code authorities all seek out the UL Mark as confirmation of the highest level of security. In addition to being tested to withstand falls and fire, UL-rated safes can also survive a wide variety of attacks with both hand and power tools.

FIRE RATINGS

Fire ratings for protecting paper are evaluated by conditioning safes to withstand varying furnace heat for specific amounts of time. For example, the UL Class 350 1-hour fire rating means that the internal temperature of the safe will not exceed 350°F for at least 1 hour when exposed to external temperatures over 1700°F. A safe may have a 1-, 2-, or 3-hour time classification.

MEDIA RATINGS

The UL Class 125 Rating for media protection means the safe must maintain an interior temperature less than 125°F and an interior relative humidity less than 80%. This classification will ensure protection for any electronic media such as digital discs, computer storage discs, and even microfiche. A safe may have a 1-, 2-, or 3-hour time classification.

IMPACT RATINGS

These tests call for the safe to be heated to 1550°F for 30 minutes then dropped onto concrete rubble from a height of 30 feet within 2 minutes of leaving the furnace. Then it is inverted and reheated for another 30 minutes. An explosion test may also be administered to certain models, which leaves the safe in a 2000°F furnace for 30 minutes. It is then inspected for heat or moisture damage.

RSC BURGLARY RATING

A Residential Security Container (RSC) is tested to withstand five full minutes of rigorous prying, drilling, punching, chiseling, and tampering attacks by UL technicians. RSCs come in a B Rating (doors less than 1" thick and a body construction less than $\frac{1}{2}$ " thick) and a C Rating (doors at least 1" thick and a body construction at least $\frac{1}{2}$ " thick.) Both versions are constructed of steel.
